Course Information

Because coursework is concentrated and equals the work assignments that would be received in a regular school year semester, attendance and punctuality are absolutely necessary. One

day in summer school is equal to five or six days in the regular school year, therefore, students must attend each and every day.

Due to state laws and restrictions, any absence could potentially result in the student being dropped from Driver Education with a failing grade and no refund. Students with excessive tardiness to class may be dropped from the course with a failing grade and no refund. Students will not be excused for trips or vacations. Please plan your summer accordingly.

If a pre-arranged absence is absolutely necessary, it must be approved by the Summer School Director or Dean of Students, not the teacher.
